

Publications: 1996–1997

Refereed Papers

- Andersen, A.N. & Spain, A.V. (1996) The ant fauna of the Bowen Basin, in the semi-arid tropics of central Queensland. *Australian Journal of Entomology* **35**, pp 213-221.
- Andersen, A.N. & Clay, R.E. (1996) The ant fauna of Danggali Conservation Park in semi-arid South Australia: a comparison with Wyperfeld (Vic.) and Cape Arid (W.A.) National Parks. *Australian Journal of Entomology* **35**, pp 289-295.
- Andersen, A.N. (1997) Measuring invertebrate biodiversity: surrogates of ant species richness in the Australian seasonal tropics. *Memoirs of the Museum of Victoria* **56**, pp 95-99.
- Andersen, A.N. (1997) The use of ants as bioindicators: multi-scale issues in ant community ecology. *Conservation Ecology (on line)* **1**, pp 8.
- Andersen, A.N. (1997 in press) Functional groups and patterns of organization in North American ant communities: a comparison with Australia. *Journal of Biogeography*.
- Andersen, A.N. (1997 in press) Ants as indicators of restoration success following mining: a functional group approach. *Pacific Conservation Biology*.
- Andersen, A.N. & Sparling, G.P. (1997 in press) Ants as indicators of restoration success: relationship with soil microbial biomass in the Australian seasonal tropics. *Restoration Ecology*.
- Bowman, D.M.J.S. (1996) Diversity Patterns of woody species on a latitudinal transect from the monsoon tropics to desert in the Northern Territory, Australia. *Australian Journal of Botany* **44**, pp 571-580.
- Bowman, D.M.J.S. (1996) Progress Report: Tropical rainforests. *Progress in Physical Geography* **20**, pp 224-230.
- *Bowman, D.M.J.S. (1997 in press) Observation on the demography of the Australian boab (*Adansonia gibbosa*) in the north-west of the Northern Territory, Australia. *Australian Journal of Botany*.
- Bowman, D.M.J.S. & Connors, G.T. (1996). Does low temperature cause the dominance of Acacia on the central Australian mountains? Evidence from a latitudinal gradient from 11° to 26° South in the Northern Territory, Australia. *Journal of Biogeography* **23**, pp 245-56.
- Pole, M.S. & Bowman, D.M.J.S. (1996) Tertiary plant fossils from Australia's Top End. *Australian Systematic Botany* **9**, pp 113-126.
- Bowman, D.M.J.S. (1997 in press). Progress Report : Tropical rain forests. *Progress in Physical Geography* **21**.
- Bowman, D.M.J.S. (1997) Book Review of Biodiversity and savanna ecosystem processes: a global perspective. *Journal of Tropical Ecology* **12**, pp 804.
- Bowman, D.M.J.S., Head, J. & Panton, W.J. (1997 in press) Abandoned Orange-footed Scrubfowl (*Megapodius reinwardt*) nests and coastal rainforest boundary dynamics during the late Holocene in monsoonal Australia. *Quaternary International*.
- Bridgewater, P., Russell-Smith, J. & Cresswell, I.R. (1997 in press) Vegetation science and the cultural landscape: the case of Kakadu National Park. *Phytocoenologia*.
- Brown, J.R. & Carter, J. (1997 in press). Spatial and temporal patterns of exotic shrub invasion in an Australian tropical grassland. *Landscape Ecology*.
- Burnett, S.E., Kutt, A.S. & Triggs, B. (1996) Record of Water Rat *Hydromys chrysogaster* in a Lesser Sooty Owl pellet. *Sunbird* **26**, pp 20-23
- Churchill, T.B. (1997). Spiders as indicator taxa : an overview for Australia. *Memoirs of the Museum of Victoria* **56** (2), pp 331-337.
- Clay, R.E. & Andersen, A.N. (1996) Ant fauna of a mangrove community in the Australian seasonal tropics, with particular reference to zonation. *Australian Journal of Zoology* **44**, pp 521-534.
